

April newsletter 2011

the original hot chocolate (on a spoon!)

This has to be the best way to make hot chocolate. Couverture chocolate from Belgium, perfectly tempered and set on a little wooden spoon, ready to plunge into a steaming cup of hot milk. If you like a rich strong hot chocolate you can let it all melt into the milk, or if you just cant wait, you can lick the melting chocolate off the spoon. mmmm - SO delicious. All three varieties - milk, white and dark chocolate, are made from high quality all natural ingredients with no nasty additives. You can order individual flavours in cartons of 12, or in a mixed box of 50 containing 24 milk, 13 white, and 13 dark chocolate. Order up! These are sure to fly off your shelves this winter. Available from the second week in April.

namaste chai

There is no doubting the weather is getting cooler, summer is gone and comfort foods and hot drinks are the flavour of the month. Perfect timing to release a delicious spiced masala chai blend we think! Namaste chai is available for retail and foodservice, in both organic and regular varieties. The retail packaging is as rich and appealing as the flavour and aroma of the drink - made from a powdered blend of tea, spices and sugar. Namaste Chai is all natural, gluten and dairy free - just add two teaspoons to your choice of milk! Foodservice size is 2kg which yields a cost effective 200 serves per bag, while retail is a convenient 200g.

mothers day macadamia chocolate hearts

Duck Creek Macadamia's have won our hearts with their divine chocolate and macadamia delights just in time for mothers day. Premium quality fresh macadamia chips, coated in couverture chocolate and wrapped in red foil with black ribbon in a counter display unit of 12. gershgoods now distributes the whole Duck Creek Macadamia range - in small and large gift jars as well as the popular snack-pack size with counter display unit. There are many savoury flavours as well as the very popular honey dipped and chocolate coated varieties. Also available are the award winning macadamia oil and paste. Available now!

peter watson is shaking it up

With curry pastes from Thailand, Indonesia, and Malaysia introduced to the Peter Watson range this month - we are sure to see a lot of his sexy black packaging spicing up the shelves this winter. In addition to the new pastes are a range of "shaker tins" designed for use with chicken, pork, beef, seafood and vegetables as clearly labelled. So a meal couldn't be made more simple - just buy meat or vegetables, shake tin, cook and serve. The Peter Watson range is resurging as one of our most popular brands, and sales are sky-rocketing. So don't delay, get on-board! Even more new products coming soon...
